

PROJECT PROFILE

Essentia Health Moorhead Clinic at 801 Belsly Boulevard, Moorhead, Minnesota.

Another Successful Healthcare Project: Essential Health

Repet client Essentia Health, headquartered in Duluth, Minnesota, is an integrated health system serving patients in Minnesota, Wisconsin, North Dakota and Idaho. In the summer of 2010, Essentia Health began consolidating the operations of SMDC Health System, Brainerd Lakes Health, Innovis Health, Essentia Community Hospitals and Clinics, and the Essentia Institute of Rural Health.

Essentia Health was originally formed in January 2004 through a partnership of the Benedictine Health System and SMDC Health System, both based in Duluth. In January 2008, Innovis Health joined Essentia Health and all the hospitals and clinics owned by the Benedictine Health System were transferred to Essentia Community Hospitals and Clinics.

Olaf Anderson Construction completed this 9,834-square-foot clinic for Essentia Health in Moorhead, Minnesota. Our architects worked with Essentia's medical professionals to design a state-of-the-art facility. The clinic houses 16 exam rooms, a procedure room, physical therapy exercise room, treatment rooms, and laboratory and digital radiology spaces.

The structure is wood frame, with high clerestory windows in

The patient waiting area features a fireplace to add to the comfortable and relaxing feel.

the waiting area. The exterior brick and EIFS walls blend nicely into the neighborhood.
